

SIXTEENTH CONGRESS OF THE REPUBLIC
OF THE PHILIPPINES
First Regular Session

13 SEP 11 P2:23

SENATE

Senate Bill No. 1627

RECEIVED BY: 

INTRODUCED BY SEN. JINGGOY EJERCITO ESTRADA

EXPLANATORY NOTE

Article III Section 7 of the 1987 Constitution provides, "The right of the people to information on matters of public concern shall be recognized. Access of official records and documents, and papers pertaining to official acts, transactions, or decisions, as well as to government research data used as basis for policy development, shall be afforded the citizen, subject to such limitations as may be provided by law." The right of the people to information is a basic precept to a democracy. Thus, the better informed our people are, the better they can participate and involve themselves in the workings of the government. And the more they can actively involve and participate; our government becomes better and more efficient.

This bill seeks to underscore the principle of transparency in government transactions and business. This is one way to rid our government of graft and corruption, because, by putting a window through which the people can look into the comings and goings in every agency of the government, we can subject government policies, programs and activities to public scrutiny.

The creation of the Public Information and Media Relation Office in every branch, subdivision, instrumentality or agency of the government will provide a window where people can take a closer glance upon our government. This office is mandated to provide the public access to information, especially those affecting them.

It is for the foregoing reasons that passage of this bill is earnestly sought.
