S.B. NO. 992

RECEIVED BY: 

Introduced by Senator JINGGOY EJERCITO ESTRADA

EXPLANATORY NOTE

The family is widely known as the basic unit of the society. Everything learned and experienced inside one's home is manifested in the way a person acts and deals with others. Hence, it is essential to build strong family foundations.

Article XV, Section 1 of the Constitution of the Philippines expresses that, "The State recognizes the Filipino family as the foundation of the nation. Accordingly, it shall strengthen its solidarity and actively promote its total development."

Several government institutions and a number of private organizations undertake programs that are dedicated to assisting Filipino families in their problems as well as in other area such as family planning and outreach programs. Nevertheless, most of them, if not all, are directed to assisting mainly the socially- disadvantage families.

It is an undeniable fact that such kind of families are in need of immediate support more than those who are well- off. But a holistic approach to our search for long- term solution to the problems plaguing our society will include the families from all and different economic and social standing.

This bill proposes the creation of a Commission on the Family that will cater to the needs and demands of every Filipino family. The Commission shall undertake further studies, review and evaluation of the various issues and problems that currently confront this sector. Such will be an effective instrument in strengthening the solidarity and harmonious relationship of all members of the family.

The Filipinos are family- oriented people and the enactment of this bill will further nurture the qualities inherent to them. For the reasons given, the approval of this bill is earnestly sought.
