

SIXTEENTH CONGRESS OF THE REPUBLIC }
OF THE PHILIPPINES }
Third Regular Session }

'16 JAN 27 P2:01

SENATE

RECEIVED BY: _____

COMMITTEE REPORT NO. 442

Submitted jointly by the Committees on Environment and Natural Resources; Agriculture and Food; and Finance on JAN 27 2016.

Re : Senate Bill No. 3154

Recommending its approval in substitution of Senate Bill Nos. 100 and 143.

Sponsor : Senator Escudero.

MR. PRESIDENT:

The Committees on Environment and Natural Resources; Agriculture and Food; and Finance to which were referred Senate Bill No. 100, introduced by Senator Legarda, entitled:

**"AN ACT
TO ADOPT INTEGRATED COASTAL MANAGEMENT AS A NATIONAL STRATEGY TO ENSURE THE SUSTAINABLE DEVELOPMENT OF THE COASTAL AND MARINE ENVIRONMENT AND RESOURCES AND TO ESTABLISH SUPPORTING MECHANISMS FOR ITS IMPLEMENTATION, PROVIDING FUNDS THEREFOR AND FOR OTHER PURPOSES"**

and Senate Bill No. 143, introduced by Senator Villar, entitled:

**"AN ACT
ESTABLISHING THE COASTAL ENVIRONMENT PROGRAM, APPROPRIATING FUNDS THEREFOR AND FOR OTHER PURPOSES"**

have considered the same and have the honor to report these bills back to the Senate with the recommendation that the attached bill, Senate Bill No. 3154, prepared jointly by the Committees, entitled:

**"AN ACT
TO ADOPT INTEGRATED COASTAL MANAGEMENT AS A NATIONAL STRATEGY TO ENSURE THE SUSTAINABLE DEVELOPMENT OF THE COASTAL AND MARINE ENVIRONMENT AND RESOURCES AND TO ESTABLISH SUPPORTING MECHANISMS FOR ITS IMPLEMENTATION AND PROVIDE FUNDS THEREFOR"**

be approved in substitution of Senate Bill Nos. 100 and 143 with Senators Legarda, Villar and Escudero as authors.

Respectfully submitted:

Chairpersons:

LOREN LEGARDA

Committee on Finance
Vice-Chairperson, Committee on Environment and Natural Resources
Member, Committee on Agriculture and Food

CYNTHIA A. VILLAR

Committee on Agriculture and Food
Vice-Chairperson, Committee on Environment and Natural Resources
Vice-Chairperson, Committee on Finance

FRANCIS G. ESCUDERO

Committee on Environment and Natural Resources
Member, Committee on Agriculture and Food
Member, Committee on Finance

Vice - Chairpersons:

GREGORIO B. HONASAN

Committee on Environment and Natural Resources
Member, Committee on Agriculture and Food

GRACE POE

Committee on Agriculture and Food
Member, Committee on Environment and Natural Resources
Member, Committee on Finance

SERGIO R. OSMEÑA III

Committee on Finance

TEODORO L. GUINGONA III

Committee on Finance

SONNY ANGARA
Committee on Finance
Member, Committee on Environment and
Natural Resources
Committee on Agriculture and Food

PAOLO BENIGNO "BAM" AQUINO IV
Committee on Finance
Member, Committee on Environment and Natural
Resources
Committee on Agriculture and Food

Members:

ANTONIO "SONNY" F. TRILLANES IV
Committee on Environment and Natural
Resources
Committee on Agriculture and Food

RAMON BONG REVILLA JR.
Committee on Environment and Natural Resources
Committee on Finance

PIA S. CAYETANO
Committee on Environment and Natural Resources
Committee on Finance

FERDINAND R. MARCOS JR.

SENATE

SENATE BILL NO. 3154
(In substitution of SBN 100 and 143)

RECEIVED BY: 

Prepared jointly by the Committees on Environment and Natural Resources; Agriculture and Food; and Finance with Senators Legarda, Villar and Escudero as authors

AN ACT
TO ADOPT INTEGRATED COASTAL MANAGEMENT AS A NATIONAL STRATEGY TO ENSURE THE SUSTAINABLE DEVELOPMENT OF THE COASTAL AND MARINE ENVIRONMENT AND RESOURCES AND TO ESTABLISH SUPPORTING MECHANISMS FOR ITS IMPLEMENTATION AND PROVIDE FUNDS THEREFOR

Be it enacted by the Senate and the House of Representatives of the Philippines in Congress assembled:

CHAPTER I

GENERAL PROVISIONS

1
2
3 **SECTION 1. Short Title.** - This Act shall be known as the "*Integrated Coastal*
4 *Management Act*".

5 **SEC. 2. Declaration of Policy.** -It shall be the policy of the State to ensure
6 sustainable development of coastal and marine resources in consultation with all
7 stakeholders. Towards this end, it shall adopt Integrated Coastal Management,
8 hereinafter referred to as ICM, to address the connectivity of terrestrial and marine
9 biodiversity, social and ecological systems and the different human activities taking
10 place therein, to promote sustainable development, to achieve food security, poverty
11 alleviation, gender equality, respect for sustainable traditional resource rights of
12 indigenous peoples, and to reduce vulnerability to climate change, and human induced
13 and natural hazards.

1 **SEC. 3. Scope and Coverage.** – ICM shall be implemented in all coastal and marine
2 areas, addressing the interlinkages among associated watersheds and wetlands, by all
3 relevant government structures at the national and local levels in consultation and
4 partnership with all stakeholders.

5 **SEC. 4. Definition of Terms.** – For purposes of this Act, the following terms shall
6 be defined as follows:

7 a. **"Adaptation"** refers to the adjustment in natural or human systems in
8 response to actual or expected climatic stimuli or their effects, which moderates harm
9 or exploits beneficial opportunities;

10 b. **"Biological Diversity" or "Biodiversity"** refers to the variability among living
11 organisms from all sources including inter alia, terrestrial, marine, and other aquatic
12 ecosystems and the ecological complexes of which they are part. Biodiversity consists of
13 variety of species, their genetic make-up, and the communities or population to which
14 they belong;

15 c. **"Climate Change"** refers to a change in climate that can be identified by
16 changes in the mean and/or variability of its properties and that persist for an extended
17 period typically decades or longer, whether due to natural variability or as a result of
18 human activity;

19 d. **"Disaster Risk Reduction"** refers to the concept and practice of reducing
20 disaster risks through systematic efforts to analyze and manage the casual factors of
21 disasters, through reduced exposure to hazards, lessened vulnerability of people and
22 property, wise management of land and the environment, and improved preparedness
23 for adverse events;

1 e. *"Coastal Area" or "Coastal Zone"* refers to a band of dry land and adjacent
2 ocean space (water and submerged land) in which terrestrial processes and uses
3 directly affect oceanic processes and uses, and vice versa; its geographic extent may
4 include mangrove swamps, brackish water ponds, nipa swamps, estuarine rivers, sandy
5 beaches and other areas to include coral reefs, algal flats, seagrass beds, and other
6 soft-bottom areas;

7 f. *"Integrated Coastal Management"* refers to a natural resource and
8 environmental ecosystem-based management framework which employs an
9 integrative, holistic management approach and an interactive planning process in
10 addressing the complex management issues of the coastal area. The major goal is to
11 attain sustainable coastal development including maintaining the functional integrity of
12 ecosystems through effective coastal and ocean governance;

13 g. *"Mangroves"* refers to a community of intertidal plants including all species
14 of trees, shrubs, vines and herbs found on coasts, swamps or border of swamps;

15 h. *"Municipal Waters"* include not only streams, lakes, inland bodies of water
16 and tidal waters within the municipality which are not included within the protected
17 areas as defined under Republic Act No. 7586 or the National Integrated Protected
18 Areas System (NIPAS) Act, public forest, timber lands, forest reserves or fishery
19 reserves, but also marine waters included between two (2) lines drawn perpendicular
20 to the general coastline from points where the boundary lines of the municipality touch
21 the sea at low tide and a third line parallel with the general coastline including offshore
22 islands and fifteen (15) kilometers from such coastline. Where two (2) municipalities
23 are so situated on opposite shores that there is less than thirty (30) kilometers of

1 marine waters between them, the third line shall be equally distant from opposite shore
2 of the respective municipalities;

3 i. *"Watershed"* refers to a land area drained by a stream or fixed body of
4 water and its tributaries having a common outlet for surface run-off;

5 j. *"Wetland"* refers to areas of marsh, peatland or water, whether natural or
6 artificial, permanent or temporary, with water that is static, flowing, fresh, brackish or
7 salt, including adjacent areas of marine water; and

8 k. *"State of the Coasts Reporting System"* refers to a tool to assist the local
9 government units (LGUs) in assessing the progress and benefits of ICM Implementation.
10 It allows the LGUs to document and measure the effectiveness and impacts of policy and
11 management interventions in support of sustainable coastal development and evaluate
12 progress towards local, national, and international targets for sustainable development.

13 CHAPTER II

14 INTEGRATED COASTAL MANAGEMENT SYSTEM

15 SEC. 5. *National Coordinating Committee on ICM.* - There is hereby established a
16 National Coordinating Committee on ICM, hereinafter referred to as the National
17 Coordinating Committee, to coordinate the review and implementation of the National
18 ICM Framework.

19 The DENR shall provide secretariat support to the National Coordinating
20 Committee.

21 The National Coordinating Committee shall be composed of the following:

22 (a) The Secretary of the Department of Environment and Natural Resources
23 (DENR) or his/her designated representative as chairperson;

1 (b) The Secretary of the Department of Agriculture (DA) or his/her designated
2 representative as vice-chairperson;

3 (c) The Secretary of the Department of the Interior and Local Government
4 (DILG) or his/her designated representative as vice-chairperson;

5 (d) The Director General of the National Economic and Development Authority
6 (NEDA) or his/her designated representative as member;

7 (e) One representative from the academe who specializes in ICM as member;

8 (f) One representative from non-government organizations (NGOs) dealing
9 with coastal management or fisheries as member; and

10 (g) One representative from the private sector as member.

11 The designated permanent representatives shall be chosen in a process to be
12 determined in the implementing rules and regulations of this Act.

13 **SEC. 6. Powers and Functions of the National Coordinating Committee on ICM. -**

14 The National Coordinating Committee shall exercise and perform the following powers
15 and functions:

16 (a) Formulate, adopt, institutionalize and amend, if necessary, the National ICM
17 Framework, in consultation with other concerned agencies, sectors and stakeholders
18 within six (6) months from the effectivity of this Act;

19 (b) Identify ICM management areas such as bays, lakes, gulfs, river basins,
20 watersheds, wetlands, protected areas, and other resources that are shared by two or
21 more provinces and assign the coordination of the formulation and implementation of
22 the required Inter-Provincial ICM Plan to the appropriate Regional Development
23 Council;

1 (c) Initiate the establishment and consolidation of baseline data on ICM
2 especially in relation to biodiversity;

3 (d) Resolve conflicts arising from ICM between or among provinces; and

4 (e) Recommend to Congress for enactment of legislations or to the appropriate
5 government agency for issuance of policies.

6 **SEC. 7. *National ICM Framework.*** – The National ICM Framework shall provide
7 direction, support and guidance to the local government units (LGUs) and stakeholders
8 in the development and implementation of their local ICM plans. The National
9 Coordinating Committee shall finalize the National ICM Framework within twelve (12)
10 months from the effectivity of this Act.

11 The National ICM Framework shall include the following components of the
12 framework for sustainable development of coastal areas:

13 (a) Goals and objectives;

14 (b) Strategies and action plans;

15 (c) Required policy or legislation;

16 (d) Information and public awareness campaign;

17 (e) Financing mechanisms; and

18 (f) Capacity building and National ICM Training Program.

19 **SEC. 8. *Elements of the National ICM Framework.*** – The implementation of ICM
20 Programs shall take into account the following elements:

21 (a) An inter-agency, multi-sectoral mechanism to coordinate the efforts of
22 different agencies, sectors and administrative levels;

23 (b) People's participation in the formulation and implementation of the
24 National ICM Framework;

1 (c) Coastal strategies and action plans that provide a long-term vision and
2 strategy for sustainable development of the coastal areas; and a fixed-term program of
3 actions specifying responsible agencies or institutions for addressing priority issues and
4 concerns;

5 (d) Public awareness program to increase the level of understanding and
6 appreciation for the coastal and marine resources of the area; and to promote a shared
7 responsibility among stakeholders in the planning and implementation of the National
8 ICM Framework;

9 (e) Mainstreaming the National ICM Framework into the national and local
10 government planning and socio-economic development programs; and allocation of
11 adequate financial and human resources for its implementation;

12 (f) Capacity building programs to enhance required human resource skills,
13 scientific input to policy and planning processes; and enforcement mechanisms to
14 ensure compliance with adopted rules and regulations;

15 (g) Integrated environmental monitoring for the purpose of measuring,
16 evaluating and reporting the status, progress and impacts of management programs
17 against established sustainable development indicators and for use in decision-making,
18 public awareness and performance evaluation;

19 (h) Investment opportunities and sustainable financing mechanisms for
20 environmental protection and improvement; and resource conservation;

21 (i) Disaster risk reduction and management as well as climate change
22 adaptation and mitigation programs; and

1 (j) Knowledge management, research and development programs in such
2 areas as carrying capacity, limits to acceptable change, and enhancement of the
3 analytical and predictive value of scenarios for protecting sustainable futures.

4 **SEC. 9. *Coordination of ICM Matters at the Regional Level.*** – The Regional
5 Development Councils shall mainstream ICM in the formulation of Regional
6 Development Plans and Priority Framework, among other related documents.

7 **SEC. 10. *Coordination of ICM Matters at the Provincial Level.*** – The coordination of
8 the formulation and implementation of the ICM Plan at the provincial level shall be done
9 by the Provincial Development Council established under Section 107(c) of Republic Act
10 No. 7160 or the Local Government Code of 1991. However, instead of the Chairperson of
11 the Committee on Appropriation of the *Sangguniang Panlalawigan* provided in Section
12 107(c) of R.A. 7160, the Chairperson of the Committee on Environment of the
13 *Sangguniang Panlalawigan* shall serve as the second member of the Provincial
14 Development Council that will coordinate in the formulation and implementation of the
15 ICM plan at the provincial level. Aside from the members mentioned under Section 107
16 of R.A. 7160, representatives from Provincial Fisheries Office or from the Office of the
17 Provincial Agriculturist, Provincial Tourism Office, and the private sector shall join the
18 Provincial Development Council for the purpose of coordinating the formulation and
19 implementation of the Provincial ICM Plan.

20 In cases where two or more provinces share a common resource such as bays,
21 gulfs, river basins, lakes, watersheds, marine protected areas, marine biodiversity
22 corridors, and upland ecosystems, the coordination, support and assistance for the
23 formulation, establishment and implementation of the Inter-Provincial ICM Plan shall

1 be provided by the concerned Regional Development Council established under
2 Executive Order No. 325, series of 1996.

3 However, this provision shall not apply to provinces or common resources being
4 shared by several LGUs which have an existing ICM coordinating mechanism at the time
5 of the effectivity of this Act.

6 **SEC. 11. *Additional Functions of the Provincial Development Council.*** - Aside from
7 the functions enumerated under Section 109 of R.A. 7160, the Provincial Development
8 Council shall:

9 (a) Formulate a Provincial ICM Plan in consultation with all the municipalities
10 and city or cities within the province;

11 (b) Submit the approved Provincial ICM Plan to the appropriate *sanggunian*
12 and recommend the issuance of an ordinance or ordinances to facilitate the
13 institutionalization of ICM in the local government programs;

14 (c) Submit the approved Provincial ICM Plan to the appropriate Regional
15 Development Council for integration with the Regional Development Plan for
16 submission to NEDA;

17 (d) Coordinate the implementation of the Provincial ICM Plan among the
18 relevant municipalities and city or cities within the province;

19 (e) Coordinate the efforts of provinces sharing a resource to address issues
20 that cut across their political boundaries;

21 (f) Coordinate the establishment and consolidation of baseline data on ICM
22 especially in relation to biodiversity; and

1 (g) Resolve conflicts arising from ICM between or among municipalities or
2 cities or between an LGU and a body managing a specially administered area within the
3 province.

4 **SEC. 12. *Coordination of ICM Matters at City and Municipal Levels.*** - The
5 coordination of the formulation and implementation of the ICM Plan at the city, whether
6 highly urbanized city (HUC), independent component city (ICC), or component city, and
7 municipal levels shall be done by the City or Municipal Development Council established
8 under Section 107(b) of R.A. 7160. However, instead of the Chairperson of the Committee
9 on Appropriation of the *Sangguniang Panlungsod* or *Bayan* provided in Sec. 107 (b) (2) of
10 R.A. 7160, the Chairperson of the Committee on Environment of the *Sangguniang*
11 *Panlungsod* or *Bayan* shall serve as the second member of the City or Municipal
12 Development Council that will coordinate the formulation and implementation of the
13 ICM plan at the city or municipal levels. Aside from the members mentioned under Sec.
14 107 (b) of R.A. 7160, representatives from the City or Municipal Fisheries Office or from
15 the Office of the City or Municipal Agriculturist, City or Municipal Tourism Office, and the
16 private sector shall join the City or Municipal Development Council for the purpose of
17 coordinating the formulation and implementation of the City or Municipal ICM Plan.

18 However, this provision shall not apply to cities or municipalities which have an
19 existing ICM coordinating mechanism at the time of the effectivity of this Act.

20 **SEC. 13. *Additional Functions of the City or Municipal Development Council.*** -
21 Aside from the functions enumerated under Sec. 109 of R.A. 7160, the City or Municipal
22 Development Council shall:

23 (a) formulate a city or municipal ICM Plan in consultation with all the
24 barangays within the city or municipality;

1 (b) submit the approved ICM plan to the appropriate *sanggunian* and
2 recommend the issuance of an ordinance or ordinances to facilitate the
3 institutionalization of ICM in the city or municipal government programs;

4 (c) coordinate the implementation of the City or Municipal ICM Plan among the
5 relevant barangays;

6 (d) coordinate the efforts of barangays sharing a resource to address issues
7 that cut across their boundaries;

8 (e) coordinate the establishment and consolidation of baseline data on ICM
9 especially in relation to biodiversity; and

10 (f) resolve conflicts arising from ICM between or among barangays or between
11 a barangay and a specially managed or administered area within the city or
12 municipality.

13 **SEC. 14. *Representation of Other Agencies and Stakeholders.*** - The LGUs shall
14 consider the representation in the development councils of other national agencies and
15 stakeholder groups that will be affected by issues on ICM.

16 **SEC. 15. *Assistance from LGUs and/or National Agencies.*** - The Local
17 Development Councils may call upon any local official or any official of national agencies
18 or offices within the LGU to assist in the formulation of local ICM plans.

19 In providing technical assistance and other forms of support related to coastal
20 management and the implementation of development plans, the national government
21 agencies shall give priority to LGUs with approved or existing ICM plans.

22 **SEC. 16. *Monitoring, Evaluation, and Reporting of ICM Program.*** - The National
23 Coordinating Committee shall coordinate the preparation, consolidation and submission
24 of an Initial State of the Coasts Report one year after the effectivity of this Act based on

1 available baseline data gathered and such report shall be submitted to Congress. Every
2 three (3) years thereafter, the National Coordinating Committee shall coordinate the
3 preparation, consolidation and submission of State of the Coasts Report to the President
4 and to Congress on the implementation of the local ICM plans in line with the National
5 ICM Framework. The LGUs shall submit their respective progress reports on the
6 implementation of their respective ICM plans to the National Coordinating Committee.
7 The civil society organizations shall be involved in the monitoring of the
8 implementation of the National ICM Framework and local ICM plans.

9 **SEC. 17. ICM Best Practices.** - The National ICM Framework and local ICM plans
10 shall promote the application of best practices which includes, among others, the
11 following:

12 (a) Coastal and marine use classification, marine spatial planning and
13 harmonization of comprehensive land and water use plan as management tools;

14 (b) Sustainable fisheries and conservation of living resources;

15 (c) Protection and rehabilitation of coral reefs, mangroves, seagrass, estuaries,
16 and other habitats, particularly through establishment of marine protected areas,
17 nature reserves, and sanctuaries;

18 (d) Development of management approaches for the conservation of upland
19 watershed, catchment areas, and river basins;

20 (e) Integrated waste management, including sewage and solid, hazardous,
21 toxic, and other wastes by major sources;

22 (f) Natural and man-made hazards management;

23 (g) Water use and supply management;

1 (h) Payment for ecosystem services and equitable allocation of costs and
2 benefits;

3 (i) Integrated and baywide law enforcement;

4 (j) Disaster risk reduction and management in coastal areas;

5 (k) Climate change adaptation and mitigation in coastal areas;

6 (l) Community-led natural resource management; and

7 (m) Recognition of the concerns of indigenous peoples.

8 **SEC. 18. Incentives.** - The National Coordinating Committee shall develop a
9 recognition and reward system for LGUs that:

10 (a) regularly update their ICM programs or plans once every five (5) years; and

11 (b) exhibit exemplary performance in the development and implementation of
12 their respective local ICM plans in accordance with the National ICM Framework.

13 The details of the recognition and reward system will be provided in the
14 implementing rules and regulations of this Act.

15 **SEC. 19. ICM Office.** - Each province may establish an ICM Office to act as the
16 secretariat to the Provincial Development Council with regard to ICM matters and to
17 monitor the implementation of the Provincial ICM Plan in consonance with the National
18 ICM Framework. This may be an office under the Provincial Planning and Development
19 Office focused solely on matters or tasks relating to ICM. Otherwise, the Provincial
20 Planning and Development Office shall serve as the secretariat to the Provincial
21 Development Council.

22 Whenever the National Coordinating Committee deems it necessary, a city or
23 municipality shall also establish an ICM Office to act as the secretariat to the City or
24 Municipal Development Council with regard to ICM matters and to monitor the

1 Implementation of the City or Municipal ICM Plan in consonance with the Provincial ICM
2 Plan and the National ICM Framework. This may be an office under the City or Municipal
3 Planning and Development Office focused solely on matters or tasks relating to ICM.
4 Otherwise, the City or Municipal Planning and Development Office shall serve as the
5 secretariat to the City or Municipal Development Council.

6 **SEC. 20. *Scientific Advisory Group.*** - Each province shall, as far as practicable,
7 establish a Scientific Advisory Group which shall ensure that ICM interventions have
8 sound scientific basis. It shall be composed of the following:

9 (a) a representative from the academe who specializes in ICM or any related
10 discipline;

11 (b) a representative from the Department of Science and Technology (DOST);

12 (c) a representative from the DENR;

13 (d) a representative from the Bureau of Fisheries and Aquatic Resources
14 (BFAR); and

15 (e) a representative from the Philippine Association of Marine Science (PAMS).

16 A city or municipality may also establish a Scientific Advisory Group for the same
17 purpose and the same composition as that of a province.

18 **SEC. 21. *Role of National Government Agencies.*** - All concerned national agencies
19 shall support the implementation of the National ICM Framework and local ICM plans
20 and promote ICM best practices that fall within their respective mandates. They shall
21 identify, prepare, and provide policy guidance and technical resource assistance to the
22 DENR, the development councils, and the LGUs in the implementation of the National
23 ICM Framework and local ICM plans and in the enforcement of relevant coastal and
24 marine policies and regulations; and regional and international commitments or

1 treaties. These agencies shall directly consult with concerned LGUs in the development
2 and implementation of the National ICM Framework and local ICM plans affecting
3 coastal and marine areas in their respective localities.

4 All government contracts entered into and permits issued by the government
5 such as foreshore lease agreements, forest management agreements, special land use
6 permits, and mining permits entered into or issued by the government and its
7 instrumentalities shall be in conformity with the National ICM Framework and local ICM
8 plans.

9 **SEC. 22. Consistency of Local ICM Plans and National Programs and Plans with the**
10 **National ICM Framework.** - LGUs and national agencies shall formulate and implement
11 their ICM plans and national programs and plans such as Tourism Development Plan
12 and Infrastructure Program, respectively, in consonance with the National ICM
13 Framework. Existing ICM plans shall be reconciled and harmonized with the National
14 ICM Framework.

15 **SEC. 23. Specially Managed or Administered Areas.** - Specially managed or
16 administered areas such as river basins, Water Quality Management Areas (WAQMAs)
17 established under Republic Act No. 9275, special economic zones, freeport zones, and
18 protected areas, whether established under Republic Act No. 7586 or by virtue of an
19 ordinance, shall prepare their management plans in consonance with the ICM National
20 Framework and relevant local ICM plans. Their management plans shall incorporate
21 ICM principles and best practices taking into account the interlinkages between and
22 among associated watersheds and wetlands.

23 **SEC. 24. Review of Existing ICM or Related Programs and Plans.** - Provinces, cities,
24 municipalities, especially managed or administered areas such as special economic

1 zones or freeport zones, bays, lakes or marine protected areas (MPAs) with existing ICM
2 or related programs or plans shall review, revise, reconcile, and harmonize the same
3 based on the National ICM Framework within three (3) years from the effectivity of this
4 Act. Actual use shall be preferred over future or reserve use: *Provided*, That all existing
5 locational clearances and zoning permits issued by the LGUs prior to the effectivity of
6 this Act shall remain valid pending review of existing programs and plans and zoning
7 ordinances (ZOs) and they shall not be invalidated because of the sole reason that the
8 new and approved programs and plans and ZOs have determined that they should be
9 properly located in a different coastal use zoning area: *Provided, further*, That
10 appropriate measures shall be adopted by the LGU concerned, the landowner, and the
11 developer should any existing structures and facilities are found to be properly covered
12 by a different coastal use zoning category in areas where they are currently located:
13 *Provided, finally*, That existing structures and facilities within extremely hazardous and
14 high risk danger zones which cannot be addressed by any mitigating or protective
15 measures shall be required to relocate.

16 **SEC. 25. Role of LGUs.** - LGUs shall act as the frontline agencies in the
17 formulation, planning and implementation of ICM programs in their respective coastal
18 and marine areas. The local ICM plan shall be in line with the National ICM Framework
19 and shall be prepared in consultation with the stakeholders. The LGUs shall regularly
20 update their respective ICM plans to reflect emerging issues and changing social,
21 economic, and environmental conditions. Also, the LGUs shall ensure that their ICM
22 plans shall be reflected in their annual work and investment plans. The LGUs shall
23 furnish the DENR, within one month from adoption, with copies of their ICM plans and
24 all subsequent amendments, modifications, and revisions. LGUs shall mobilize and

1 allocate the necessary personnel, resources and logistics to effectively implement their
2 respective ICM plans. Barangays shall be directly involved with municipal and city
3 governments in prioritizing coastal issues and identifying and implementing solutions.
4 Municipal and city governments shall consider ICM as one of their priority programs.

5 Provincial governments shall provide technical assistance, enforcement and
6 information management in support of Municipal and City ICM Plans. Inter-LGU
7 collaboration shall be encouraged in the conduct of activities related to protecting the
8 country's coastal and marine resources.

9 **SEC. 26. Roles of Civil Society and the Private Sector.** – In the development and
10 implementation of the ICM program, the NGOs, civic organizations, people's
11 organizations, the academe, the private sector and other concerned stakeholder groups
12 shall be engaged in activities such as planning, community organizing, research,
13 technology transfer, information sharing, investment, training programs, and
14 monitoring; and evaluation, response, and feedback systems.

15 **SEC. 27. Supporting Activities.** – The following activities shall be undertaken in
16 support of the implementation of ICM programs:

17 (a) *ICM Education.* The Department of Education and the Commission on
18 Higher Education (CHED) shall integrate the concept and basic principles of ICM into
19 the primary, secondary, and tertiary education curricula, as well as in the textbooks,
20 primers and other educational materials;

21 (b) *ICM Training Program for LGUs.* The DENR and DILG, through the Local
22 Government Academy, shall develop and provide ICM training programs for LGUs. For
23 this purpose, LGUs may allocate funds for scholarships on tertiary and graduate courses
24 relating to ICM or source funds for such scholarships other than LGU funds;

1 (c) *Environmental and Natural Resource Accounting and Valuation for ICM*
2 *Planning*. The NEDA and the National Statistics Coordination Board (NSCB) shall
3 incorporate coastal and marine resource accounting as well as estimates of their
4 carrying capacity in the national and regional accounts;

5 (d) *Coastal and Marine Environmental Information Management System*. The
6 DENR shall oversee the establishment and maintenance of a coastal and marine
7 environmental information management system and network, in collaboration with
8 other concerned national government agencies, institutions, LGUs, civil society
9 organizations and other academic institutions. The DENR shall promote the
10 documentation and information dissemination of good practices as well as initiate
11 replication and scaling up of ICM programs in the country. The concerned agencies,
12 however, shall review the coastal and marine data prior to their public dissemination.

13 **CHAPTER III**

14 **FINAL PROVISIONS**

15 **SEC. 28. Appropriations.** - All concerned government agencies and LGUs shall
16 allocate from their annual appropriations adequate funds for the implementation of the
17 ICM. In subsequent budget proposals, the concerned offices and units shall appropriate
18 funds for program and project development and implementation including continuing
19 ICM capacity building, training, and education in ICM. LGUs shall pool their resources in
20 establishing inter-LGU alliances in the management of shared resources such as bays,
21 gulfs, lakes, rivers, watersheds, marine biodiversity corridors, and marine protected
22 area networks within their jurisdiction.

1 **SEC. 29. *Other Funding Options.*** - The National Coordinating Committee, the local
2 development councils, the LGUs, and the national government agencies may source local
3 and international grants, bequests, and donations in support of ICM implementation.

4 The Land Bank of the Philippines, the Development Bank of the Philippines, the
5 People's Credit and Finance Corporation and other relevant government financial
6 institutions shall formulate and identify loan and financing mechanisms that will be
7 made available to support local ICM programs, including alternative livelihood projects
8 for small-scale fisherfolks and cooperatives.

9 **SEC. 30. *Tax Exemption.*** - All grants, bequests, endowments, donations, and
10 contributions made to the National Coordinating Committee, the local development
11 councils, the LGUs, and the DENR that will be actually, directly, or exclusively used for
12 the implementation of the ICM shall be exempted from donor's tax and the same shall be
13 allowed as deduction from the gross income of the donor for purposes of computing the
14 taxable income of the donor in accordance with the provisions of the National Internal
15 Revenue Code of 1997, as amended.

16 **SEC. 31. *Implementing Rules and Regulations.*** - The DENR, in consultation with
17 concerned agencies and stakeholders, shall promulgate the implementing rules and
18 regulations of this Act within ninety (90) days from the effectivity of this Act.

19 **SEC. 32. *Non-impairment Clause.*** - Nothing in this Act shall be construed as to
20 diminish, impair, or repeal the prohibited acts under existing laws, presidential decrees,
21 executive orders, ordinances, rules and regulations, and other issuances.

22 **SEC. 33. *Separability Clause.*** - If for any reason, any section or provision of this
23 Act shall be declared to be unconstitutional or invalid, the other sections or provisions
24 not affected thereby shall remain in full force and effect.

1 **SEC. 34. *Repealing Clause.*** - All laws, presidential decrees, executive orders,
2 ordinances, rules and regulations, and other issuances or parts thereof which are
3 inconsistent with this Act, are hereby repealed or modified accordingly.

4 **SEC. 35. *Effectivity.*** - This Act shall take effect fifteen (15) days after its complete
5 publication in the *Official Gazette* or in a newspaper of general circulation in the
6 Philippines.

Approved,
