REPUBLIC OF THE PHILIPPINES  
*First Regular Session*

SENATE  
S.B. No. 191

INTRODUCED BY: SENATOR EMMANUEL D. PACQUIAO

AN ACT  
CREATING THE PHILIPPINE BOXING COMMISSION THEREBY  
STRENGTHENING THE COUNTRY'S STANDING IN BOXING SPORTS,  
ENSURING THE WELFARE OF FILIPINO BOXERS,  
AND PROVIDING FUNDS THEREFOR

EXPLANATORY NOTE

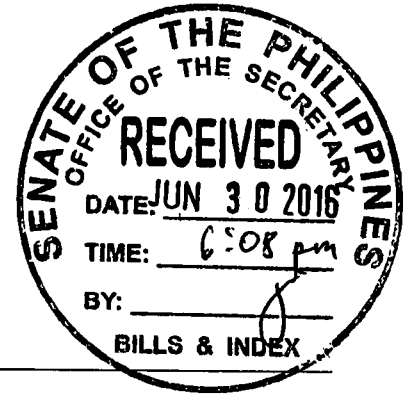

Over the past decades, the Philippines did not only produce World Class Boxing Champions but a number of International Boxing Champions as well. These achievements show that Filipino boxers indeed possess superior physical strength, skills and talents, which if given the proper support of the State, will ensure our promising boxers top ranks in the world boxing arena.

While giving honor and glory to our country, international Filipino boxers risk their lives and limbs in this sport. Some even met their untimely death in the bout due to the lack, if not absence, of safety and emergency medical services, while some face retirement without any kind of financial assistance or access to medical care. Most often, we hear many of our boxing legends do not have pension benefits.

The boxing sport, now under the supervision of the Games and Amusement Board, is not given the proper and appropriate attention it deserves. Considering the growing popularity of this sport and the number of champions it has produced for the country, it is about time that we give due attention and consideration to this sport and to all our professional boxing champions. Hence, this proposed bill seeks to establish the Philippine Boxing Commission to be the single agency that will focus and steer the skills and talents of the youth towards its proper direction, to provide and implement the necessary welfare incentives and benefits long overdue to all professional boxers who have brought honor and prestige to our country.

In view of the foregoing, approval of this bill is earnestly sought.

EMMANUEL D. PACQUIAO
