**EXPLANATORY NOTE**

The Island of Boracay, with its pristine white sand beaches and turquoise waters, is undoubtedly one of the crown jewels of the Philippine tourism industry. Its beauty is comparable to the best beaches in the world and it continues to draw hundreds of thousands of local and foreign tourists alike year in and year out, bringing in tens of billions of pesos into the local economy. Yet all is not well in this island paradise.

Titling application has been a big issue on Boracay Island since Presidential Proclamation 1801 was declared in 1978 and Philippine Tourism Authority Circular No. 3-82 was subsequently issued in opposition of the applications for confirmation of imperfect title or free patent on the Island. Consequently, Proclamation 1064 issued in 2006 classified 628.96 hectares or 60.94 percent of Boracay as alienable and disposable, and the rest as forest land and protected areas. Through such proclamation, the government has taken the step necessary to open up the island to private ownership.

The ruling of the Supreme Court is that there is nothing invalid or irregular, much less, unconstitutional, about the classification of Boracay Island made through Proclamation No. 1064. And to protect the private investments in Boracay, the Philippine Congress has urged to enact a law to allow present occupants to acquire title to their occupied lots or to exempt them from certain requirements under the present land laws.

Thus, this bill aims to resolve the land ownership problem in Boracay. The bill, once approved, will allow lawful occupants of land on the island to be issued free patents if they have been continuously occupying their lots for at least 30 years prior to the passage of this measure. This proposed law, moreover, would exempt property claimants from certain requisites for land ownership under the Public Land Act and other laws.

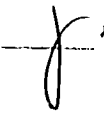

In view of the foregoing and in order to bring peace, tranquility and further development to Boracay, the approval of this bill is earnestly sought.

  
ANTONIO 'SONNY' F. TRILLANES IV

AN ACT  
ESTABLISHING A POLICY MECHANISM FOR THE SUSTAINABLE  
DEVELOPMENT AND USE OF THE ISLAND OF BORACAY, MUNICIPALITY OF  
MALAY, PROVINCE OF AKLAN, DEFINING FOR THE PURPOSE THE MODE OF  
ACQUISITION FOR PARCELS OF LAND WITHIN THE ISLAND CLASSIFIED AS  
AGRICULTURAL LAND OPEN TO DISPOSITION UNDER PROCLAMATION NO.  
1064 AND PROVIDING ENVIRONMENTAL SAFEGUARDS THEREFOR

*Be it enacted by the Senate and the House of Representatives of the Philippines in  
Congress assembled:*

CHAPTER I  
TITLE, POLICY AND OBJECTIVES

1        **SECTION 1. *Declaration of Policy.*** - Sections I to 4, Article XII of the Constitution  
2 provide the State policy on national economy and patrimony, declaring, among others, the  
3 goal of a more equitable distribution of opportunities, income and wealth, and the State's  
4 ownership over all lands of the public domain, with the exception of agricultural lands.  
5 Consequently, the State hereby adopts a policy of ensuring a fair, orderly and expeditious  
6 manner of distributing its wealth and resources, specifically lands forming part of its public  
7 domain which have been classified as alienable and disposable without compromising,  
8 however, the protection and conservation of the country's natural resources. Towards this  
9 end, a policy mechanism is hereby adopted to allow and facilitate the titling of lands in the  
10 Island of Boracay in favor of qualified Filipinos. This is for the purpose of providing security  
11 of land tenure and in recognition of the need to accelerate the country's development in a  
12 more sustainable and defined manner specifically in the said island. And corollary to this, the  
13 State shall likewise undertake measures to adopt sustainable development strategies of  
14 forestlands, national parks and other natural resources in the Island of Boracay and provide  
15 environmental safeguards for the same.

1           **SEC. 2. Coverage.** -The provisions of this Act shall apply to the parcels of land of the  
2 public domain located in the Island of Boracay, Municipality of Malay, Province of Aklan,

9 agricultural, have been in the possession of individuals and whose real property taxes thereon  
10 are being paid for at least thirty (30) years before the effectivity of this Act. Such review shall  
11 be made as basis for the confirmation or correction, as the case may be, of the technical  
12 description contained in Proclamation No. 1064. Moreover, during the pendency of such  
13 review, individuals possessing such parcels of land and paying the real estate taxes thereon  
14 for at least thirty (30) years shall be accorded the right to possession.

15  
16           The aforementioned agricultural lands are likewise hereby excluded from the  
17 operation of Presidential Proclamation No. 1801, dated 10 November 1978, entitled  
18 "Declaring Certain Islands, Coves and Peninsulas as Tourist Zones and Marine Reserves

20

21           **SEC. 3. Mode of Acquisition.** - The DENR shall alienate the agricultural lands

23 issuance of a free patent over any parcel thereof to any citizen of the Philippines who for at  
24 least thirty (30) years prior to the effectivity of this Act has continuously occupied and/or  
25 cultivated either by himself or through his predecessors-in-interest, or who shall have paid the  
26 real estate tax thereon. Such qualified person shall be entitled under this Act to have a free  
27 patent issued to him for such tract of land not to exceed twelve (12) hectares per applicant:  
28 *Provided*, That the DENR shall also reserve lands or lots of sufficient size and strategic  
29 location to the local government of Malay, the Province of Aklan and other agencies of the

31 public plazas, health centers and similar offices and similar purposes including necessary  
32 avenues, streets and alleyways: *Provided further*, That any title that may be issued over lands  
33 for public purpose shall be in the name of the Republic of the Philippines and roads, avenues,
