

SEVENTEENTH CONGRESS
REPUBLIC OF THE PHILIPPINES
First Regular Session

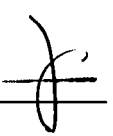

Senate
Office of the Secretary

'16 JUL 19 P 6:21

SENATE

S. No. 628

RECEIVED BY: 

Introduced by Senator Antonio "Sonny" F. Trillanes IV

AN ACT
CREATING THE POSITION/RANK OF FIRE TRUCK OFFICER (FTO) IN THE
BUREAU OF FIRE PROTECTION

EXPLANATORY NOTE

When Republic Act No. 9263, also known as the "Bureau of Fire Protection and Bureau of Jail Management and Penology Professionalization Act of 2004", was enacted into law new and more stringent requirements were imposed for those intending to join the Bureau of Fire Protection (BFP) and the Bureau of Jail Management and Penology (BJMP) to professionalize their ranks. RA 9263 was amended by RA 9592 last May 8, 2009 in order to adjust the requirements to allow the retention of existing personnel of both the BFP and BJMP.

Although these legislations proved to be beneficial to the concerned agencies, the updated standards pertaining to educational qualification and civil service eligibility have rendered it difficult for many applicants to qualify for entry-level positions at the BFP, particularly those aspiring to become Truck Drivers/Mechanics. This fact has resulted to fairly low employment rate in the said agency.

This is contrary to the lofty intentions of our Constitution, which seeks, among others, to enhance full protection to labor and to promote full employment and equality of employment opportunities for all.

Therefore, in accordance to the policy of the State, this bill is being proposed to address this issue by rationalizing the qualifications for the appointment to entry-level positions of the BFP, while upholding professionalism in the said agency.

It is hoped that the passage of this measure will open up more opportunities for qualified applicants who aspire to serve our country and our people as part of the uniformed personnel of the Bureau of Fire Protection.

In view of the foregoing, the immediate passage of this bill is earnestly sought.

ANTONIO "SONNY" F. TRILLANES IV
