S. No. 837

RECEIVED BY: 

Introduced by Senator Ralph G. Recto

**AN ACT**  
**MANDATING THE SECRETARY OF THE DEPARTMENT OF FINANCE AND THE**  
**GOVERNOR OF THE BANGKO SENTRAL NG PILIPINAS TO APPEAR BEFORE**  
**CONGRESS SEMI-ANNUALLY TO REPORT ON THE STATUS AND DIRECTIONS OF**  
**THE FISCAL AND MONETARY POLICIES OF THE STATE**

**Explanatory Note**

The volatile nature of the global economy demands prompt and decisive actions from the fiscal managers of the government. In this regard, the fiscal and monetary policies of the government are subjected to periodic changes, in accordance with the prevailing economic climate.

The fiscal and monetary policies of the country have a great bearing to the state and direction of the country's economy, as these policies directly relate to the government's goals for employment and economic development, among other factors. For instance, the state policy on the valuation of the Peso directly affects the borrowings, savings and expenditures of the government. Equally affected are the operations of the private sector, particularly those in the export and business process outsourcing industry.

Currently, the Department of Finance (DOF) and the Bangko Sentral ng Pilipinas (BSP) report to Congress as members the Development Budget Coordination Committee during the legislative deliberation of the annual government budget. However, their respective reports are limited to the inputs required for the budget analysis. Hence, Congressional oversight of fiscal management has been limited at the expense of fiscal accountability.

It is but proper that, in the interest of transparency and public interest, the DOF and BSP must be made more accountable to the people. This can be done so by mandating the agencies to submit to periodic Congressional inquiry.

This bill provides for an accountability measure for both DOF and BSP, by requiring the heads of both organizations to appear before Congress semi-annually, to report on the state and the directions of the fiscal and monetary policies of the government. This measure mandates that the Secretary of DOF and the Governor of BSP shall appear before the Committees on Appropriations, Ways and Means, Economic Affairs, and Banks and Financial Intermediaries of the House of Representatives on or before the 2<sup>nd</sup> Tuesday of March and September, and the Committees on Finance, Ways and Means, Economic Affairs, and Banks, Financial Institutions & Currencies of the Senate on or before the 4<sup>th</sup> Tuesday of March and September to report on the country's fiscal and monetary policies.

The bill also provides that the DOF and the BSP shall submit a written report to the said Committees, which shall include a discussion of the conduct of their respective policy. Finally, the DOF and BSP reports submitted to Congress shall also be made available to the public by means of downloadable copies in their respective official websites.

Hence, the immediate approval of this bill is earnestly sought.
