**EXPLANATORY NOTE**

This is a counterpart bill of House Bill No. (HBN) 6393 filed by House of Representatives Speaker Gloria Macapagal-Arroyo. This bill seeks to grant a one-time condonation of arrearages, interests and penalties assessed against local water districts (LWDs) pertaining to their late payment or non-payment of loan amortizations to the Local Water Utilities Administration (LWUA).

Presidential Decree No. 198 or the Provincial Water Utilities Act of 1973 declared the creation, operation, maintenance and expansion of reliable and economically viable and sound water supply and wastewater disposal system in the country as an objective of national policy of high priority. In this regard, PD 198 created the LWUA, a government-owned and controlled corporation (GOCC) with a specialized lending function mandated to promote and oversee the development of water supply systems in provincial cities and municipalities outside of Metropolitan Manila.

In the past few years, a number of LWDs were not able to make the necessary loan amortizations to the LWUA on time due to lack of funds. This resulted in substantial loan arrearages, interests and penalties. If these arrearages

are to be paid, LWDs would be faced with the difficult choice of recovering the substantial loss either by increasing the water rate charged to their clients or by contracting new loans from LWUA. Either way, the quality of services offered by LWDs will be hampered. Thus, a one-time condonation of loan arrearages, interests and penalties is necessary to give LWDs a chance to use any savings they have to improve or expand their services or to prevent any increase in water rate charges.

In view of the foregoing, approval of this bill is earnestly sought.
