**AN ACT
TO ESTABLISH AN ELDERLY CARE AND NURSING COMPLEX IN EVERY
PROVINCE AND CITY AND APPROPRIATING FUNDS THEREFOR**

EXPLANATORY NOTE

The 1987 Philippine Constitution, Article XV, Section 4, provides:

"The family has the duty to care for its elderly members but the State may also do so through just programs of social security."

Filipinos have always been known to care for their elderly as customs and traditions would show. Given a choice, they would want their elderly to remain with them. But over the years, this has not been an easy task for each household. Given the changing socio-economic environment of the country as well as the special needs and requirements of our elderlies, the State has to step in to ensure that these realities are addressed.

This Bill aims to establish and institutionalize an Elderly Care and Nursing Complex in every province and city of the country.

A facility like this in every city and province of the nation will lift the weight off the shoulders of poor families who cannot afford to provide and care for their beloved elderly but still desire to see their loved ones living a dignified quality of life

in a State provided healthy environment. We owe it to our elderly, that in the twilight of their years, they have a government that will never renege in its mandate to serve and protect its citizenry, to include those who were once productive members of the society.

Social justice dictates that we pass this bill into law.

RAMON BONG REVILLA, JR.
