AN ACT

CREATING THE POSITION OF BARANGAY NUTRITION WORKER IN EVERY BARANGAY PROVIDING INCENTIVES THERETO, APPROPRIATING FUNDS THEREFOR, AMENDING FOR THE PURPOSE PRESIDENTIAL DECREE NO. 1569

EXPLANATORY NOTE

The National Nutrition Council (NNC) has come up with the Philippine Plan of Action for Nutrition (PPAN) 2017-2022 with the end in view of contributing to the improvement of the quality of human resource in the country. But given the magnitude of the malnutrition problem in the country, there is an urgent need for greater involvement and participation of the people at the grassroots level. The government's manpower resources are not enough to cope with the increasing number of people who still have to be effectively reached by nutrition intervention schemes in the local levels.

United Nations Children's Emergency Fund (UNICEF) reports that 95 children die in the Philippines every day due to under-nutrition. According to the Food and Nutrition Research Institute (FNRI), around 31.2% of Filipino children aged 5-10 are underweight, 31.1% are underheight or stunted. Amongst children who are aged 0-2, around 26.2% are undernourished, and about 33.5% of children below the age of five suffer from stunting.

This bill seeks to provide for the creation and filing up of one mandatory position of Barangay Nutrition Worker in every barangay to address the malnutrition problem that afflicts the vulnerable groups in our communities, particularly preschool, school children, pregnant women and lactating mothers. This bill aims to reduce the prevalence rate of malnutrition among moderate and severe preschoolers and school children. Further, it seeks to professionalize the position of barangay nutrition worker (BNW) by requiring the qualification to be at least a K-12 graduate.

Approval of this bill is, therefore, most earnestly urged.

RAMON BONG REVILLA, JR.
