**AN ACT
INSTITUTING POLICIES FOR THE PROTECTION AND WELFARE OF
CAREGIVERS IN THE PRACTICE OF THEIR PROFESSION**

EXPLANATORY NOTE

This bill seeks to institute effective and sensible policies for the protection and welfare of Filipino caregivers.

A "caregiver" refers to a paid or employed person who regularly attends to the physical and psychological needs of an infant, child or dependent adult who is disabled or whose health is impaired by old age, diseases, mental disorder, and other disabilities particularly with their activities of daily living whether outside or within their home.

The demand for caregiving services is rising due to the rapid increase in the number of children being born with medical issues and prevalent illnesses. Moreover, the results of the 2010 Census of Population and Housing (CPH) show that of the household population of 92.1 million, 1.57% Filipinos have a disability¹. Hence, there has been an imperative call for professional and responsible caregiving in the Philippines. On a global scale, the Filipino culture has known to provide remarkable hospitality and care. This is why citizens of the United States, Asia, the Middle East, and many other countries prefer Filipino caregivers.

The sudden increase in the popularity of caregivers in the Philippines and abroad has prompted the government to require all caregiving schools in the country to register caregiving programs to the Technical Education and Skills Development Authority (TESDA), which is tasked to manage and supervise their education, training, and skills development. That being so, TESDA has been well-equipped with these various programs

that provide caregivers with the knowledge and skills necessary to perform their duties with modesty and coherence.

In recognition of the vital role of caregivers in national development, policies in the practice of this profession must be instituted to protect their rights and promote welfare towards a decent employment. Furthermore, caregivers must be protected against abuse, harassment, and violence. These proposed policies must be enacted into law to maintain excellent and globally competitive standards for the professional services of Filipino caregivers.

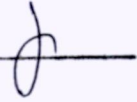

In view of the foregoing, immediate passage of this bill is earnestly sought.
