SENATE
S. No. 1182

RECEIVED BY: _____

Introduced by SENATOR RAMON BONG REVILLA, JR.

AN ACT
INSTITUTIONALIZING THE MANDATORY ESTABLISHMENT OF A
POPULATION OFFICE IN ALL PROVINCES, CITIES AND MUNICIPALITIES
AMENDING FOR THE PURPOSE SECTION 488 (A) OF REPUBLIC ACT NO.
7160, OTHERWISE KNOWN AS "THE LOCAL GOVERNMENT CODE OF 1991".
AS AMENDED

EXPLANATORY NOTE

Section 488 of Republic 7160, otherwise known as the "Local Government Code of 1991" provides that, "the appointment of a population officer shall be optional in the local government unit: *Provided, however,* That provinces and cities which have existing population offices shall continue to maintain such offices for a period of five (5) years from the date of effectivity of this Code, after which said offices shall become optional."

According to the Commission on Population and Development (POPCOM) of the National Economic and Development Authority (NEDA), the 2017 National Demographic and Health Survey (NDHS) reflects that "Filipino women, on average, have one child more than they intended; and the figures are highest among women from the lowest wealth quintile and lowest educational attainment. However, the fertility rate or the actual number of children in the Philippines has gone down from three children in 2013 down to 2.7 in 2017."

The concerned government agencies namely NEDA, Department of Health (DOH) and POPCOM who were tasked to harmonize their "contexts and create a sustained commitment towards a holistic national development, influencing health, education and economic outcomes" have continuously reassessed the family planning programs and policies over the years. As a result of these efforts, the National Program on Population and Family Planning or NPPFP was formulated and approved by the President.

Last July 8, 2019, the Department of Interior and Local Government (DILG) issued Memorandum Circular No. 2019-100 regarding the designation of local population officers and mobilization of community officials, volunteers, and workers to intensify the implementation of the NPPFP.

This measure seeks to amend RA 7169 to mandate all provinces, cities and municipalities to establish a Population Office in their localities. By doing so, the tasks and visions for the provision of population development principles and the achievement of goals set in NPPFP and its vital function to nation-building will be realized.

The Population Office in every local government unit is vital in carrying out measures to guarantee the delivery of basic services and provisions of sufficient facilities appurtenant to the integration of the population development principles and in providing access to said services and facilities.

In view of the foregoing, the immediate passage of this bill is highly recommended.
