**AN ACT  
ESTABLISHING CAMPUSES OF THE CEBU TECHNOLOGICAL UNIVERSITY IN  
THE CITY OF TOLEDO AND IN THE MUNICIPALITY OF ASTURIAS, PROVINCE  
OF CEBU, TO BE KNOWN RESPECTIVELY AS THE CEBU TECHNOLOGICAL  
UNIVERSITY-TOLEDO CITY CAMPUS AND THE CEBU TECHNOLOGICAL  
UNIVERSITY-ASTURIAS CAMPUS, AND APPROPRIATING FUNDS THEREFOR**

**EXPLANATORY NOTE**

In 2009, Republic Act No. 9744 converted the Cebu State College of Science and Technology System in Cebu City and all of its satellite campuses in the Province of Cebu into a state university and was known as the Cebu Technological University (CTU). Currently, CTU maintains its main campus in Cebu City and has nine (9) satellite campuses located in the municipalities of Argao, Barili, Carmen, Daanbantayan, Moalboal, San Francisco and Tuburan, and the city of Danao.

In order to achieve the mission of CTU to provide advanced professional and technical instruction for special purposes, advanced studies in industrial trade, agriculture, fishery, forestry, aeronautics and land-based programs, arts and sciences, health sciences, information technology, and other relevant fields of study, there is a need to further expand the university. Establishing satellite campuses in Toledo City and the municipality of Asturias will further serve the youth and booming industries in said localities and, ultimately, contribute in fulfilling the State policy of providing access to quality tertiary education for all.

Toledo is a third class city with a population of 170,335 per the 2015 Philippine Population Census. It is the only city located in the western side of Cebu and is best known for its enormous mining industry. The prosperous economy of Toledo City also supports the trade, agriculture, and fisheries sectors.

Asturias is a third class municipality with a total population of 47,857 per the 2015 Philippine Population Census. Its residents primarily rely on agriculture and fisheries. The town is also home to several industries producing limestone and cement.

Establishing satellite campuses of CTU in Toledo City and the municipality of Asturias will be very beneficial to the youth of said localities by saving immensely on transportation, board and lodging, and other tangential costs.

This proposed establishment of CTU campuses will harness the human resources of said localities and promote inclusive growth and development. In line with the

government's mandate to provide accessible and affordable college education, the passage of this bill is earnestly sought.
