Senate Bill No. 309

INTRODUCED BY SEN. JINGGOY EJERCITO ESTRADA

EXPLANATORY NOTE

In a group or corporation, there are certain rights and privileges that are granted to individual members. There are also certain obligations that the members must carry out to be able to avail of said privileges. Nonetheless, it must be clear that no group, organization or corporation can force their members to pay fees for the purpose of funding organizational activities.

Because no law has been passed to protect organization and group members from this type of involuntary collection, many unwilling individuals are victims of extortion. This bill proposes to set guidelines which will define the extent to which groups and corporations may solicit funds from their members.

In view of the foregoing, passage of this bill is earnest recommended.
