Senate Bill No. 360

INTRODUCED BY SEN. JINGGOY EJERCITO ESTRADA

EXPLANATORY NOTE

Rice is the staple food of every Filipino and is at the core of the country's agricultural development thrust. In view of the central role that this staple food plays in the life of every Filipino, it underscores the need to provide for contingency measures to ensure the adequate supply of rice for all.

This legislative measure thus provides for a mechanism whereby national rice reserves will be maintained in order to cushion the impact of a rice shortage during periods of national emergency.

Immediate passage of this bill is thus earnestly recommended.
