Senate Bill No. 366

INTRODUCED BY SEN. JINGGOY EJERCITO ESTRADA

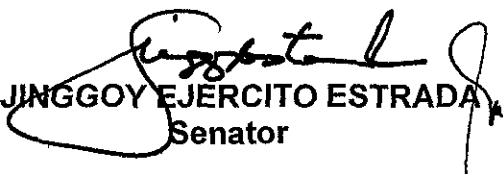

EXPLANATORY NOTE

Despite the provision of Section 3 of Article 13 of the Constitution which provides that, "The State shall afford full protection to labor, local and overseas, organized and unorganized, and promote full employment and equality of employment opportunities for all", still, the Philippines suffers from unemployment.

The unemployment issue does not only affect Filipino workers in the Philippines but also those qualified Overseas Filipino Workers from unscrupulous recruiters. A sizeable number of workers fail in their respective endeavor because the government lacks the responsibility of preparing comprehensive contingency measures to ensure the workers' protection and to extend critical assistance adversely affected by the economic crisis.

This bill seeks to create a National Employment Assistance Center of the Philippines in order to assist and help the country fight the soaring unemployment problem that threatens not only the economy but also the political stability of the Philippines.

Hence, the enactment of this bill is recommended.
