SENATE

RECEIVED BY: 

Senate Bill No. 508

INTRODUCED BY SEN. JINGGOY EJERCITO ESTRADA

EXPLANATORY NOTE

It has long been a policy of the State to promote the electrification of the entire nation.

Under P.D. 269 (National Electrification Administration Decree), it was the policy of the state to provide "the total electrification of the Philippines on an area coverage basis" the same "being vital to the people and the sound development of the nation", and "to promote, encourage and assist all public service entities engaged in supplying electric service, particularly electric cooperatives" by "giving every tenable support and assistance".

The loss of the tax-exempt status of electric cooperatives under P.D. 269 has been affirmed by the Supreme Court on June 10, 2003 in G.R. No. 143-736 entitled "Philippine Rural Electric Cooperatives Association Inc. vs. The Secretary, Department of Interior and Local Government." The Supreme Court, in its decision, stated that the remedy of electric cooperatives under P.D. 269, to regain their tax-exempt status, is not judicial.

Electric cooperatives under P.D. 269 have complained that because of cumbersome legal and technical requirements, they cannot register or convert as stock cooperatives under R.A. No. 6938. These cooperatives are now facing severe difficulty to sustain their financial viability and strength because of the loss of their financial viability and strength due to the loss of their tax-exempt status.

To remedy the plight of electric cooperatives created under P.D. 269, there is now a need to amend Sections 196 and 234 (d) of the Local Government Code. This amendment will restore the tax-exemption privileges that electric cooperatives have enjoyed in the past.

In view of these, passage of this bill is earnestly recommended.
