#### Explanatory Note

This legislative measure seeks to amend Sections 284 and 286 of Republic Act 7160, otherwise known as the Local Government Code of 1991.

Under this bill, the local government units are entitled to a forty percent (40%) share of national taxes. This is consistent with the mandate under Article X, Section 6 of the 1987 Constitution that "Local government units shall have a just share, as determined by law, in the national taxes which shall be automatically released to them."

Furthermore, it is proposed that the share of each local government unit shall be released, without need of any further action, directly to the provincial, city, municipal or barangay treasurer, as the case may be, on a monthly or quarterly basis within five (5) days after the end of each month or quarter. Said share shall not be subject to any lien or holdback that may be imposed by the Central government.

The internal revenue allotment (IRA) of local governments has been the lifeblood of many of them as far as operations at the local level is concerned. The IRA shares, as contemplated in the proposed amendments, are enhanced and broadened to include sharing in national taxes. Broadening the share of local governments to go beyond internal revenue and to include all taxes, is one of the more radical amendments being proposed.

This is consistent with the promotion and enhancement of local financial autonomy.

The approval of this bill is therefore, earnestly requested.

  
AQUILINO Q. PIMENTEL, JR.
