OF THE PHILIPPINES )

SENATE  
S. No. 832

RECEIVED BY: 

Introduced by **Senator Biazon**

**EXPLANATORY NOTE**

This bill seeks to grant tax exemption to allowances and benefits granted to public school teachers.

Undoubtedly, there is a great demand now for public school teachers in the rural areas especially considering the shortage brought about lately by the exodus of teachers for overseas employment. However, the difficulties of life in the rural areas, such as in transportation, lodging or insurgency problem, to mention only a few, have discouraged teachers to be employed there.

Thus, it is the sincere belief of the undersigned that with this privilege of tax exemption on salary, more new teachers will be encouraged to accept teaching jobs in remote areas, where usually vacancy of temporary nature exists. This is because public school teachers in this category either will get an equal take home pay or a regular public school teacher may even get more than due to the savings they get from being tax exempt.

This bill will also encourage teachers to opt to stay in the public school system where we need the brightest of them. It cannot be ignored that the tax exemption on the income of teachers will mean extra money for them to spare for their other needs.

For the foregoing considerations, the approval of this bill is urgently requested.
