

FOURTEENTH CONGRESS OF THE
REPUBLIC OF THE PHILIPPINES
First Regular Session

7 JUL -4 12:12

SENATE

RECEIVED BY: 

Senate Bill No. 1019

INTRODUCED BY SEN. MANNY VILLAR

EXPLANATORY NOTE

The children are the State's most precious and valuable resource, and various public and private initiatives seek to decrease the number of preventable injuries and fatalities incurred by children.

Unintentional injury is the number one killer of children age 14 and under, and each year nearly 6,040 children are killed and at least 120,000 are permanently disabled by preventable injuries.

Motor vehicle crashes are the leading cause of death for children between the ages of four and 14, with more than 1,700 children under the age of 15 having died in motor vehicle crashes in 2000.

Annually, thousands of children under the age of 15 drown and more are treated in the hospital for water-related injuries.

The Internet has opened a world of information and educational resources, yet may be a dangerous place where pedophiles and con artists have access to our children, necessitating that parents monitor their children's use of the computer. Reports of child abductions and missing children seem to be on the rise. Research indicates that children are abused mostly by people they know and trust.

It is only proper and fitting for the State to recognize all resources and avenues to protect our children from preventable harm.
