OF THE PHILIPPINES )

SENATE  
S. B. No. 297

*[Handwritten mark]*

Introduced by Senator Miriam Defensor Santiago

EXPLANATORY NOTE

The Constitution, Article IX-C, Section 2, Paragraph 9, provides that one of the main functions of the Commission of Elections is to "submit to the President and the Congress a comprehensive report on the conduct of each election, plebiscite, initiative, referendum or recall."

Although the Comelec has been complying with this provision after every regular elections, basic electoral data contained in the report are not even complete, let alone comprehensive. Interested parties, candidates, and researchers find the voluminous report of very limited value because the data in these reports are not comparable.

As an implementing act of the aforementioned constitutional provision, this bill defines the word "comprehensive" in terms of the minimum contents of such report. By providing the minimum contents of the report, the objective of the bill is to ensure that the Comelec report shall contain basic and complete electoral data as a matter of record. Further, it provides that the report be made automatically available in the National Library, all libraries of state colleges and universities, provincial or city or municipal libraries.\*
