

FOURTEENTH CONGRESS OF THE REPUBLIC)
OF THE PHILIPPINES)
First Regular Session)

7 AUG 14 1975

SENATE
S. B. No. 1458

RECEIVED BY: 

Introduced by Senator Miriam Defensor Santiago

EXPLANATORY NOTE

Republic Act No. 7160, otherwise known as Local Government Code, Sec. 138 authorizes provinces to levy taxes on sand, gravel and other quarrying activities. It has been observed that a province is often cheated by unscrupulous operators as the local government units cannot monitor the actual number of cubic meters extracted on non-working days. Also, the quarries are situated far from provincial offices. City and municipal officials have also complained that the shares of the city, municipality or barangay concerned in the taxes levied are not often remitted by the province.

The bill shifts the power to levy taxes on sand, gravel and other quarry resources from the province to the city or municipality concerned where the quarry is located. It also provides for efficient monitoring by authorizing barangay officials where the quarry is located to monitor the activities of quarry operators. This will result not only in efficient monitoring of quarry activities but also in higher revenues for all local government units.*
