

FOURTEENTH CONGRESS OF THE REPUBLIC)
OF THE PHILIPPINES)
First Regular Session)

SENATE

RECEIVED BY: 

S. No. 1505

Introduced by Senator Miriam Defensor Santiago

EXPLANATORY NOTE

The Constitution, Article II, Section 12, provides:

The State recognizes the sanctity of family life and shall protect and strengthen the family as a basic autonomous social institution. It shall equally protect the life of the mother and the unborn from conception. The natural and primary right and duty of parents in the rearing of the youth for civic efficiency and the development of moral character shall receive support of the Government.

Women, when confronted with unplanned or crisis pregnancy, are often left with the impression that abortion is the only choice that they have in dealing with their difficult circumstances.

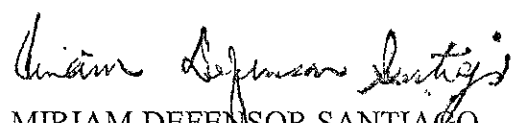

This is due to their lack of accurate information, supportive counseling, and other assistance regarding adoption and parenting alternatives to abortion.

While there are organizations that provide these needed services, they often lack sufficient resources to reach women in need of their services and to provide for their needs.

Hence, this bill seeks to establish a national program that will –

(1) Promote childbirth as a viable and positive alternative to abortion and empower those facing unplanned or crisis pregnancies to chose childbirth rather than abortion; and

(2) Carry out paragraph (1) by supporting entities and projects that provide information, counseling, and support services that assist women to chose childbirth and to make informed decisions regarding the choice of adoption or parenting with respect to their children.*

MIRIAM DEFENSOR SANTIAGO

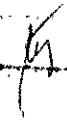

* This bill was originally filed during the Thirteenth Congress, First Regular Session.
