Senate Bill No. 1832

INTRODUCED BY HON. MANNY VILLAR

EXPLANATORY NOTE

Media is an effective alternate vehicle to deliver educational services to the people. It allows Filipinos to access educational information beyond the four corners of the classroom and in the comfort of their homes.

The Constitution recognizes the vital role of communication and information in nation-building and mandates the state to protect and promote the right of all citizens to quality education at all levels and to take appropriate steps to make such education accessible to all.

With the potentially active and efficient role of broadcast and print media in disseminating educational information to the people and the presence of corporate sponsors who prefer to advertise in shows that have a big audience share, this bill grants tax incentives to educational programs and publications, together with their respective advertisers and sponsors. The measure hopes to alleviate the plight of the media industry as a whole and help it become an effective tool in the success of the national educational program.

In view of the foregoing, approval of this bill is earnestly sought.
