

FOURTEENTH CONGRESS OF THE REPUBLIC)
 OF THE PHILIPPINES)
 First Regular Session)

7 13 12

SENATE
 S. No. 1854

RECEIVED BY: 

Introduced by Senator Miriam Defensor Santiago

EXPLANATORY NOTE

The Constitution, Article II, Section 5 provides:

The maintenance of peace and order, the protection of life, liberty, and property, and the promotion of the general welfare are essential for the enjoyment by all the people of the blessing of democracy.

The passage and implementation of laws, such as Republic Act No. 8294, regulating the possession, manufacture, dealing in, acquisition or disposition of firearms, ammunition or explosives or instruments used in the manufacture of such, are one of the means employed by the State to comply with the constitutional mandate.

Unfortunately, news accounts of shooting incidents or crimes still abound. An example is the controversial killing of a family housemaid by a seven year old boy because she switched the television channel from "Robocop" to a local program (*Manila Chronicle*. "Television in the age of violence," 13 January 1994, p. 13). Another more recent incident, is the shooting rampage in Colorado where two teenagers opened fire on classmates in their suburban high school, killing at least 16 people (*Philippine Daily Inquirer*. "16 killed in US school; killers laughed, hooted." 22 April 1999, p. 1).

This bill aims to decrease shooting incidents or crimes by requiring the manufacturers to incorporate within its design and as part of its original manufacture, certain technology or locking devices, that will prevent the firing of a handgun by unauthorized or unrecognized users, specially children.*

 MIRIAM DEFENSOR SANTIAGO

* This bill was re-filed during the Thirteenth Congress, First Regular Session.
