SENATE
S. No. 1860

RECEIVED BY: 

Introduced by Senator Miriam Defensor Santiago

EXPLANATORY NOTE

Republic Act No. 8485, also known as, "The Animal Welfare Act of 1998" was enacted to protect and promote the welfare of all animals in the Philippines. The law mandates the supervision and regulation of the establishment and operations of all facilities utilized for breeding, maintaining, keeping, treating, or training of all animals either as objects of trade or a household pets.

The law, does not, however, provide for clear guidelines to ensure that animals used in local or international experimentation programs should be legally obtained from local sources.

This bill, therefore, aims to increase accountability in the use of animals for educational, experimentation, or research purposes by institutionalizing the following:

- (A) To define the persons from whom the animals for research can be legally obtained;
- (B) To require the reporting on animal experimentation programs by the Executive Officials concerned; and
- (C) To penalize violators of this Act.*

MIRIAM DEFENSOR SANTIAGO

* This bill was re-filed during the Thirteenth Congress, First Regular Session.
