

FOURTEENTH CONGRESS OF THE REPUBLIC)
OF THE PHILIPPINES)
First Regular Session)

7 JUL 1969

SENATE
S. No. 1969

RECEIVED BY: _____

Introduced by Senator Miriam Defensor Santiago

EXPLANATORY NOTE

The Constitution, Article XIII, Section 12, provides: "The State shall establish and maintain an effective food and drug regulatory system and undertake appropriate health manpower development and research, responsive to the country's health needs and problems."

This bill requires that food products treated with an additive, colorant, or any other method to enhance its appearance or flavor include a clear, conspicuous, and easily readable label on the packaging or menu stating so, and advising the consumer to check the ingredients to determine its possible detrimental effect. Additives such as sodium nitrate, monosodium glutamate and colorants are sometimes used so that the food served will last longer and taste better. Although the ingredients are necessary for consumer items sold in groceries, the practice of including ingredients in the menu or packaging served in food establishments is not observed.
