EXPLANATORY NOTE

The Constitution, Article II, Section 16, provides:

The State shall protect and advance the right of the people to a balanced and healthful ecology in accord with the rhythm and harmony of nature.

Health warning labels on cigarette packaging promote health awareness to smokers. It is the objective of the bill to take these warnings further by also instilling to the user environmental awareness by adding another label in cigarette packages informing the consumer to dispose the cigarette litter properly, like any other consumer product packaging like soda cans and plastic wrappers.
