

FIFTEENTH CONGRESS OF THE )  
REPUBLIC OF THE PHILIPPINES )  
First Regular Session )

OFFICE OF THE SECRETARY

10 JUL -6 P2:03

SENATE

S. NO. 358

RECEIVED

---

Introduced by Senator Antonio "Sonny" F. Trillanes IV

---

**EXPLANATORY NOTE**

Competitive markets, when feasible, are demonstrably the most efficient way of allocating resources in the economy. With our unstable economic situation, however, it is not difficult to imagine how the basic commodities can be artificially raised. The exercise of market power by cartels has often led to onerous increases in prices and shortages of basic commodities which have burdened the consumers.

This bill, therefore, seeks to amend Republic Act 7581, otherwise known as the "Price Act," by defining the situation constituting a prima facie case of cartelization in order to facilitate the enforcement of the prohibition against any form of cartel. The Price Act was passed to enable the government to address the problem of monopolies, cartels, unfair competition, and the hoarding of basic commodities, especially food.

In view of the foregoing, early passage of this bill is earnestly requested.

ANTONIO "SONNY" F. TRILLANES IV

13 economic activity. It shall likewise be applicable to international trade having substantial effects  
14 in the Republic of the Philippines including those that result from acts done outside the Republic  
15 of the Philippines.

16 The Act shall apply to: (a) all firms as defined hereunder and all their commercial  
17 agreements, actions or transactions involving goods, services or intellectual property; and, (b) all  
18 natural persons who, acting in their capacity as owner, manager or employee of a firm, shall

1           **SEC. 4. Definition of Terms.** - As used in this Act, the following terms shall be defined

2 as:

3 (a) **Cartel** shall mean a combination of firms, providing goods in relevant markets, acting or  
4 joined together to obtain a shared monopoly to control production, sale and price, or to obtain  
5 control in any particular industry or commodity, or a group of firms that agree to restrict trade to  
6 their mutual benefit, which may or may not be of an international scale. It shall also refer to  
7 firms or section of firms having common interest designed to prevent extreme or unfair  
8 competition and allocate markets, and to promote the exchange of knowledge resulting from  
9 scientific and technical research, exchange of patent rights and standardization of products;

10 (b) **Competition** shall mean the process by which economic agents, acting independently in  
11 a market, limit each other's ability to control the prevailing conditions in the market;

12 (c) **Control** refer to at least twenty percent (20%) ownership, directly or indirectly, of a firm  
13 or a group of firms by another firm;

14 (d) **Firm** shall include any person, partnership, combination or association in any form, engaged

7 only a few firms dominate the total sales of a product or service;

8 (h) **Monopoly Power** shall refer to a situation where a firm, either by itself or acting in collusion

10 service by fixing its prices, excluding competitor firm, or controlling the market in a specific  
11 geographical area; and,

12 (i) **Relevant Market** shall refer to the line of commerce in which competition has been  
13 restrained. It shall also refer to the geographic area involved, including all reasonably

### CHAPTER 3

### PROHIBITED ACTS

1           **SEC. 5. Cartels.**- It shall be unlawful for firms providing goods in relevant markets to  
2 join together to monopolize, or to control production in a particular industry or commodity, the  
3 sale and price of such good, and to agree to restrict trade for their mutual benefit, which may or  
4 may not be on an international scale. This shall also include an association by agreement of firms  
5 or sections of firms having common interests designed to promote the interchange of knowledge  
6 resulting from scientific and technical researches, exchange of patent rights and standardization  
7 of products.

8           Restrictive agreements resulting from cartel-like behavior of firms, in any form, are  
9 hereby *per se* deemed illegal. These shall include, but not limited to, the following:

- 10           (a) Agreements to fix selling price of goods or other terms of sale;  
11           (b) Agreements to limit supply or output;  
12           (c) Agreements to divide the market, whether by volume of sales or purchase or by  
13           territory, by type of goods sold, by customers or sellers, or by any other means;  
14           (d) Agreements exclude or limit dealings with particular suppliers or sellers from  
15           supplying or selling goods, or customers from acquiring or buying goods; and,  
16           (e) Agreements to fix setting price at auctions or in any other form of bidding.

17           There shall be a *prima facie* case for the existence of a cartel if and when the Department  
18 of Trade and Industry (DTI) or concerned regulatory agency finds that two or more persons or  
19 firms competing for the same relevant market perform uniform or complementary acts among  
20 themselves which tend to bring about artificial and unreasonable increase in the price of any

1 goods or when they simultaneously and unreasonably increase the prices of their competing  
2 goods thereby lessening competition among themselves.

3

4

5 **SEC. 6. Monopolies.** - It shall be unlawful for any firm to willfully monopolize, or  
6 knowingly attempt to monopolize, the trade of goods or any part of the trade or commerce within  
7 the Republic of the Philippines or with any foreign country or territory. As prohibited in this Act,  
8 the essential elements of the crime of monopolization are the possession of monopoly power and  
9 its willful acquisition, maintenance or abuse to exclude competitors from any part of trade,  
10 commerce or industry as distinguished from natural growth or development of a firm as a  
11 consequence of a superior product, business acumen or historic accident: *Provided,* That, a firm  
12 that has at least fifty percent (50%) of the relevant market as found and certified by the  
13 Department of Trade and Industry (DTI) or the concerned regulatory agency shall be deemed a  
14 monopoly or in dominant position.

15

16 **SEC.7. Monopoly Power or Abuse of Market Power by One in Dominant Position.** – It  
17 shall be unlawful for one or more firms with market power within relevant markets to abuse their  
18 monopoly power or dominant position, by engaging in unfair methods of competition, or  
19 engaging in unfair or deceptive trade practices, or entering into agreements, combinations in the  
20 form of trust or otherwise, or conspiracy, with the purpose and effect to prevent, restrict, or

1 distort competition. Abusive agreements such as, but not limited to, any of the following, shall  
2 be deemed to fall under the crime of abuse of monopoly power or market power by one in  
3 dominant position:

4 **A. Price Fixing** - Any agreement to fix the selling price of goods or other terms of sale, with the  
5 purpose and effect of creating a monopoly or cartel, or lessening competition.

6 **B. Bid Rigging** - Any agreement to fix price at auctions or in any other form of bidding, with the  
7 purpose and effect of creating a monopoly or cartel, or lessening competition.

8 In determining whether there is price fixing or bid rigging, the following circumstances  
9 may be considered:

10 (1) generally, any considered evidence that two sellers of similar goods have agreed to set the  
11 price of their goods, to sell only a certain amount of their goods, or to sell only to a limited  
12 number of buyers or consumers;

13 (2) a drastic change in prices of goods and services involving more than one seller of similar  
14 goods of different brands, particularly if the changes in prices take place in equal amount and  
15 about the same time;

16 (3) a seller refusing to sell based on an agreement with a competitor;

17 (4) the same firm has repeatedly been the low bidder who has been awarded contracts for a  
18 certain service or a particular bidder seems to win bids on a fixed-rotation;

19 (5) there is an unusual and unexplainable difference between the winning bid and all other bids;

20 and,

1 (6) the same bidder bids substantially higher on some bids than on others, and there is no logical  
2 cost reason to explain the difference.

3 **C. Limitation and Control of Markets** -Any agreement to limit or control production, markets,  
4 technical development, or investment with the purpose and effect of creating a monopoly or  
5 cartel, or lessening competition.

6 **D. Market Allocation** - Any agreement to divide the market, whether by volume of sales or  
7 purchase or by territory, by type of goods sold, by customers or sellers or by any other means,  
8 with the purpose and effect of creating a monopoly or cartel, or lessening competition.

9 **E. Arrangements to Share Markets or Sources of Supply** - Any agreement to share markets or  
10 sources of supply of raw materials, with the purpose and effect of creating a monopoly or cartel,  
11 or lessening competition.

12 **F. Price Discrimination** - Any agreement prescribing or charging, directly or indirectly,  
13 discriminatory pricing terms or conditions in the supply or purchase of goods of like grade and  
14 quality with the purpose and effect of creating a monopoly or cartel, or substantially lessening  
15 competition: *Provided*, That nothing contained herein shall be construed to prohibit permissible  
16 price differentials unless the same shall have the effect of preventing, restricting or distorting  
17 competition: *Provided, further*, That for the purpose of this section, the following shall be  
18 considered permissible price differentials:

19 (1) **Socialized Pricing** - Socialized pricing for the less fortunate sector of the economy;

1 (2) **Volume Discounts** - Price, differentials which reflect an allowance for differences in the cost  
2 of manufacture, sale, or delivery resulting from differing methods or quantities in which the  
3 goods are sold or delivered to the purchasers;

4 (3) **Competitive Pricing** - A price differential or other terms of sale in response to the  
5 competitive price of payments, services or facilities furnished by a competitor;

6 (4) **Bona fide Selection of Customers** - The selection of customers on *bona fide* transaction;  
7 and,

8 (5) **Price Differentials Due to Changing Market Conditions or Marketability of Goods** -  
9 Price changes from time to time in response to changing conditions affecting the market or the  
10 marketability of the goods concerned such as, but not limited to, actual or imminent deterioration  
11 of perishable goods, obsolescence of seasonal goods, distress sales under court process, or sale  
12 on good faith in discontinuance of business.

13 G. **Exclusivity Arrangement** - Any agreement imposing restrictions on the lease or contract for  
14 sale or trade of goods concerning where, to whom, or in what forms goods may be sold or traded,  
15 such as, but not limited to fixing prices, or giving preferential discounts, or rebate upon such  
16 price, or imposing conditions not to deal with competing firms, where the purpose of such  
17 agreement is to lessen competition: *Provided*, That nothing contained herein shall prohibit or  
18 render unlawful permissible franchising, licensing or exclusive distributorship agreements.

19 H. **Tie-In Arrangements** - Any agreement making the supply of particular goods dependent  
20 upon the purchase or lease of other goods from the supplier or his consignee, where the purpose

1 and effect of such sale or lease or such condition is to substantially lessen competition or to  
2 create a monopoly or cartel.

3 I. **Boycott** - Any concerted refusal to sell or conspiracy not to sell or to stop doing business on  
4 the part of the suppliers of any goods, unless for a legitimate purpose, such as but not limited to:

5 (1) **Defaulting Borrowers** - refusal by one or more credit institutions to extend loans to  
6 defaulting debtors;

7 (2) **Defaulting Buyers** - refusal by one or more manufacturers or sellers to sell on credit to  
8 defaulting customers; and,

9 (3) **Violators of Intellectual Property Rights** - refusal by manufacturers or sellers to have any  
10 commercial dealings with one or more firms who violate the intellectual property rights of the  
11 owners of patents, copyrights, trademarks and other intellectual property.
