SENATE

S. NO. 316

Introduced by Senator Antonio "Sonny" F. Trillanes IV

Explanatory Note

The Bureau of Immigration came into existence upon the passage of Commonwealth Act No. 613, or the "Philippine Immigration Act of 1940". This law governs the entry and admission of foreigners into the Philippines. Though amendments were introduced to this Act, there is a pressing need to modernize the Bureau of Immigration to become more responsive to the challenges brought about by the advancement in science and technology, and attuned to the current needs especially with the onset of globalization, transnational crimes, and human trafficking.

This bill seeks to reorganize the Bureau of Immigration by defining the functions of the departments under it as well as to modernize the systems and procedures on immigration in our country. It also seeks to institutionalize policies and procedures that would make it easier for foreigners to visit the country or do business here. The bill also strengthens the penalties that may be meted out to foreigners who engage in unlawful activities.

It is hoped that thru the modernization of the Bureau of Immigration, the agency will be an effective agent of economic development by attracting businessmen to pour the needed investments in the country.

In view of the foregoing, immediate approval of this measure is earnestly sought.
