EXPLANATORY NOTE

The Constitution, Article 13, Section 9 provides:

“The State shall, by law, and for the common good, undertake, in cooperation with the private sector, a continuing program of urban land reform and housing which will make available at affordable cost, decent housing and basic services to under-privileged and homeless citizens in urban centers and resettlement areas. It shall also promote adequate employment opportunities to such citizens. In the implementation of such program the State shall respect the rights of small property owners.”

This bill aims to strengthen the support base of Nonprofit Organizations which are building homes for the less fortunate. It will also give minors, not only the technical construction skills that building homes may bring, but also the uplifting moral value of working for social causes.
