
Introduced by Senator Antonio "Sonny" F. Trillanes IV

EXPLANATORY NOTE

This bill is submitted bearing in mind that it is the policy of the State to protect the interest of the people for clean, pure, and healthy food. Likewise, the recognition that the government must ensure compliance with international standards of good manufacturing and hygienic practices by institutionalizing a Halal System for food, non-food products and services is one way of fulfilling the commitment with the State policy. Most important of all is the fact that this bill is accorded in recognition in respect to the rich tradition and way of life of the Filipino Muslims.

Among the highlights of this legislation are as follows:

- The establishment of a Philippine Halal Accreditation and Regulatory Board which will be responsible for the formulation, drafting, management and implementation of programs relevant to manufacturing, production, distribution, preparation, handling, storage, and verification of halal approved-food, non-food merchandise, and services;
- It provides as well as informs the people of the basic culture characterizing the Muslims society, which includes 1) that food or products or their ingredients must not contain any components of animals and carrion that are prohibited under Sharia'h Law or animals that are not slaughtered according to the Sharia'h Law; 2) that the food or products does not contain ingredients that are considered Haram or Najis by Sharia'h Law; 3) that the food or product is not prepared, processed, or manufactured using equipment that has been contaminated with Haram or Najis; 4) the labeling of products that are certified as Halal or its equivalent term and should not be used in ways which could give rise to doubt about the safety of similar food or to claims that Halal foods are nutritionally superior to or healthier than other foods.
- It institutionalizes a national standard at par with the world accepted Halal standards ordained in advanced Muslim societies and the same to be observed in all abattoirs, outlets, hotels, restaurants, and other service establishments.

Early cognizance of this bill and earnest immediate enactment is requested.

ANTONIO "SONNY" F. TRILLANES IV

19 not allowed for human consumption such as carrion, najis, intoxicating
20 preparations containing alcohol as well as services prohibited under Shariah Law.
- 21 d. **Halal system** – means the comprehensive systems, standards, and procedures
22 providing the mechanism for the development, promotion, monitoring, and
23 regulation of halal trade.

- 1 e. **Accreditation** – the procedure by which an authoritative body grants formal
2 recognition, under duly established guidelines and rules, to another body that it is
3 competent to carry out specific tasks.
- 4 f. **Certification** – third party attestation related to products, processes, systems, or
5 persons.
- 6 g. **Islamic organization** – means qualified Muslim organization engaged in the
7 inspection, audit, and halal certification of food and non-food products,
8 establishments, and services.
- 9 h. **Carrion** – as defined by Shariah Law, means the flesh of swine, dogs, cats,
10 reptiles, amphibians and predatory animals; flesh of dead animals that have been
11 sacrificed to idols, blood; flesh partly consumed by beasts and birds of prey; and
12 dead or decaying flesh of animals felled by strangulation, beating, or goring.
- 13 i. **Najis** – as defined by Shariah Law, means things that are themselves filthy and
14 cannot be cleaned like: pork, blood, and carrion, as well as lawful food that has
15 been contaminated or has come in contact with filth.

16
17 **SEC. 4. General Guidelines.** – For purposes of this Act, the following are established
18 General Guidelines for the food, beverage, cosmetics, garments and textile, and other
19 concerned industries on the preparation, handling, storage and verification of Halal
20 products to serve as basic requirements for certification including Halal abattoirs, outlets,
21 and other service establishments:

- 22 a. The food or product or their ingredient must not contain any components of
23 animals and carrion that are prohibited under Shariah Law or animals that are not
