Senate Bill No. 502

RECEIVED BY 

INTRODUCED BY SEN. JINGGOY EJERCITO ESTRADA

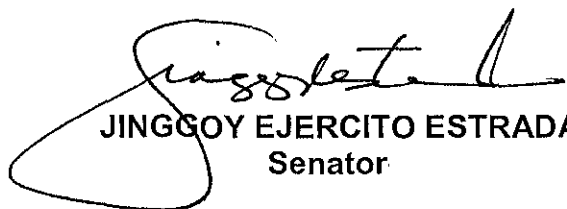

EXPLANATORY NOTE

The family and its members, just like any individual, should enjoy the right to privacy. Although certain surveys and studies being conducted by the government and private entities require family members to answer delicate or offensive questions, it should be emphasized that they have the choice of refusing to answer such.

This bill intends to institutionalize the measures that will restrict certain information from being divulged if doing so is against the will of the source. It gives special concern to minors, taking into consideration their relatively limited and innocent understandings of things and events.

This bill shall be enforced especially in cases wherein the information to be revealed will cause undesirable results to the minors, as well as to the other members of the family, and to their relationship as a whole.

For these reasons, approval of this bill is earnestly sought.
