**EXPLANATORY NOTE**

Section 28, Article II of the 1987 Constitution provides that the State adopts and implements a policy of full public disclosure of all its transactions involving public interests.

This bill proposes the repeal of Presidential Decree No. 1177 otherwise known as "Revising the Budget Process in Order to Institutionalize the Budgetary Innovations of the New Society", as amended, and the re-institution of line-item budgeting as the budgetary process of the National Government, where all programs and projects, together with their specific funding allocations, will appear in the General Appropriations Act after thorough deliberations by Congress. With this legislative proposal, full transparency in the national budget will be ensured.
