Senate Bill No. 636

INTRODUCED BY SEN. JINGGOY EJERCITO ESTRADA

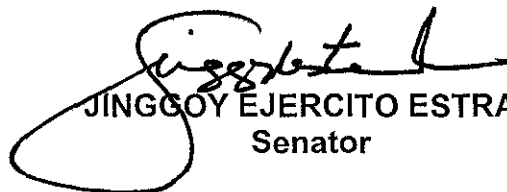

EXPLANATORY NOTE

Millions of Filipinos live and work overseas while continuing to vote and pay taxes in the Philippines. They help in the economy and serve as economic, political and cultural "ambassadors" of the country.

Hence, the National Statistics Office should undertake a census of all Filipinos residing abroad in a special census and eventually in regular censuses as they, albeit living abroad, deserve to receive the same benefits and privileges local residents get.

This proposed measure seeks to provide for an interim census of Filipinos residing abroad for the purpose of eventually including them in regular census.

In view thereof, the early passage of this proposed measure is highly recommended.
