Senate Bill No. 662

INTRODUCED BY SEN. JINGGOY EJERCITO ESTRADA

EXPLANATORY NOTE

This bill seeks to harness and optimize our country's intellectual resources through the establishment of the "Pensionado Program." This program shall pool together all foreign and local public and private sponsorship intended for further education, enrichment and training of exceptionally able and highly motivated Filipinos employed in both the government and private sectors.

The program will align sponsorships among priority areas identified to be critical to Philippine economic development, and provide incentives for the beneficiaries to put the skills and education acquired under training to the service of the Filipino nation.

All parents know that education is the most important investment for the future, and the most valuable legacy to bequeath to one's children. We should therefore provide for measures to manage our country's investments in higher education, and to ensure that they be put to productive use for the welfare of the entire nation.

In view of the foregoing, early passage of this bill is earnestly requested.
