EXPLANATORY NOTE

Article II, Section 15 of the 1987 Constitution provides that: "The State shall protect and promote the right to health of the people and instill health consciousness among them." Further, Section 16 of the same article states that "The State shall protect and advance the right of the people to a balanced and healthful ecology in accord with the rhythm and harmony of nature."

Pursuant to the above-quoted constitutional mandates, Republic Act No. 6969, otherwise known as the "Toxic Substance and Hazardous and Nuclear Wastes Control Act of 1990" was promulgated. Presently, R.A. No. 6969 regulates, restricts and prohibits the importation, manufacture, processing, sale, distribution, use and disposal of chemical substances, toxic and hazardous wastes and substances, and other harmful mixtures that present unwarranted risks to the environment and/or injuries to the people. It penalizes acts like causing, aiding or facilitating, directly or indirectly, in the storage, importation, or bringing into the Philippine territory, toxic and hazardous wastes and substances.

Unfortunately, the penalties and fines provided for under the present RA 6969 are not commensurate to the gravity and seriousness of the dangers that toxic substances and hazardous and nuclear wastes bring to health and environment. It is, therefore, imperative that R.A. No. 6969 be amended to impose stricter and stiffer penalties and fines in order to give more teeth to the said law.

Thus, this bill seeks to amend R.A. No. 6969 by increasing the penalties and fines provided for in the said law, to wit:

(i) Imprisonment of 6 years and 1 day to 12 years and fine of Php250,000-Php500,000 for any person committing any of the following acts:

- a. Knowingly use in chemical substance or mixture which is imported, manufactured, processed or distributed in violation R.A. No. 6969
- b. Failure or refusal to submit data or information required by R.A. No. 6969;
- c. Failure or refusal to comply with the pre-manufacture and pre-importation requirements under R.A. No. 6969;

(ii) Imprisonment of 20 years and 1 day to 40 years and fine of Php5 Million-Php10 Million for any person bringing into Philippine territory any amount of hazardous and nuclear wastes.

(ii) Imprisonment of 20 years and 1 day to 40 years and fine of Php5 Million-Php10 Million for any person bringing into Philippine territory any amount of hazardous and nuclear wastes.

The bill also provides for the imposition of treble costs or the payment of three (3) times the value of damages for acts causing damage to persons and/or to the environment. Such treble costs shall be allocated to a Special Fund, which shall exclusively be used as reparations for the aforesaid damages, without prejudice to the filing of the appropriate civil and criminal cases.

In view of the foregoing, the passage of this bill is earnestly sought.
