

FIFTEENTH CONGRESS OF THE REPUBLIC
OF THE PHILIPPINES
First Regular Session

SENATE
OFFICE OF THE SECRETARY

10 JUL -8 A8:27

SENATE

Senate Bill No. 838

RECEIVED BY: _____

INTRODUCED BY SEN. JINGGOY EJERCITO ESTRADA

EXPLANATORY NOTE

Section 14 Article 2 of the Constitution provides that, "The State recognizes the role of women in nation building, and shall ensure the fundamental equality before the law of women and men."

Certain diseases, disorders and conditions are peculiar to, more serious, or more prevalent in women. For this reason, the factors of medical risk or type of medical attention and intervention are different for them.

Unfortunately, the government fails to effectively meet women's health needs. Perhaps, due to its failure to understand that women have unique health conditions, the government could not provide health programs especially designed for women.

To address this issue, this measure seeks to establish an Office on Women's Health within the Department of Health. The said office shall, among others, provide expert advice and consultation to the Department of Health regarding women's health as well as monitor and coordinate the Department's offices, agencies and regional activities on the same concern.

Immediate approval of this bill is earnestly sought.
