SENATE

Senate Bill No. 872

RECEIVED BY: 

INTRODUCED BY SEN. JINGGOY EJERCITO ESTRADA

EXPLANATORY NOTE

The advent of modernization and technology has made the use of cellular phone as an everyday necessity for everybody. This has also given rise to the increase in the number of vehicular accidents related to cellular phone use while driving.

This bill aims to curb the escalating statistics on vehicular accidents brought about by driver's error, particularly on cellular phone use where drivers often neglect the importance of giving full and undivided attention while driving their vehicles. Absence of concentration on the road can be fatal not only to the driver and their passengers, but to other drivers, pedestrians and private properties, as well.

This measure imposes prohibition on the utilization of cellular phones while driving and provides penalties for violation thereof in order to avoid unnecessary road accidents. This is in pursuit of achieving road and travel safety for all Filipinos.

The urgent passage of this bill is thus needed.
