

FIFTEENTH CONGRESS OF THE REPUBLIC
OF THE PHILIPPINES
First Regular Session

SENATE

S. No. 953

Introduced by Senator Manuel "Lito" M. Lapid

EXPLANATORY NOTE

Republic Act No. 8044, otherwise known as the "Youth in Nation-Building Act", defined the term "Filipino Youth" as those who are from 15 to 30 years old. Adopting this legal definition, based on the 2003 Census, the Filipino youth numbered about 34.4 million comprising almost a third of the country's population of more than 80 million.

The last few years manifests the truth that there seem to be no comprehensive policy on the Filipino youth. While we have the Sanggunian Kabataan (SK) instituted in all barangays of the Philippines, the issue of their being too politicized made a negative imprint for the rest of the young people.

Thus, social ills continue to plague them: the menace of drug addiction, the grim reality accompanying child prostitution, the vice of internet gambling amongst students, among others. These are but proofs of their lack of guidance and absence of better attention to propel them to achieve a more fulfilling, rewarding and successful future. Government is thus given a unique role, as the engine to ensure an excellent quality of life for the young through a sustained, coordinated and nationwide implementation of youth programs.

This proposed measure seeks to establish a comprehensive Youth Corps Program. It seeks to promote the involvement of the youth in character-building and development activities for civic efficiency, self improvement and economic well-being.

The program is composed of various components such as: sports development; educational assistance; entrepreneurship; business and livelihood training; cooperative organization; and ecological development opportunities to discover their social and economic potentials to become self-reliant, productive and responsible citizens of the country.

In view of the foregoing, approval of this bill is earnestly requested.
