SENATE

S. No 2646

Introduced by Senator Antonio "Sonny" F. Trillanes IV

EXPLANATORY NOTE

This bill seeks to amend Republic Act No. 8750, otherwise known as the Seatbelts Use Act of 1999 by requiring all passengers and drivers of school services such as school buses to use their seatbelts.

Crash test and case study data indicate that seat belts provide improved crash protection and are especially beneficial in side-impact and rollover school bus accidents. Seat belts also reduce other types of injuries by restraining children who may otherwise be out of their seats. This also helps improve passenger behavior and reduce distractions to school bus drivers. In addition, seat belts provide another important benefit, namely, educating children as to seat belt use and reinforcing seat belt use in motor vehicles.¹

Although school services accidents are relatively rare in the country, when they do occur, innocent children wind up as casualties, and the whole community is affected. It is therefore imperative to promote the safety of our children by providing standards in their public transportation.

In view of the foregoing, approval of this measure is earnestly sought.
